The Agency has received a Freedom of Information Act request, from an organization known as Ground Saucer Watch, for all information we have on UFOs. This letter written by you in 1961 was one of the documents surfaced. Unfortunately, I do not know how we came to have it. It can, with your permission, be released to the group or we can identify it and request the organization to seek it from Congress.

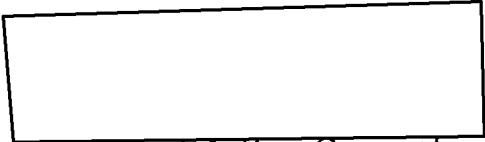

Frank Hamill, Counsel of the House Committee on Science and Technology, has said the Committee does not object to the release of the letter. Since he knew that you were still in the city, he suggested that we contact you also about its release.

Please feel free to call me  to respond or ask any questions.
